Introducing our new surface treatment

December 2001

Badger Metal Tech, Inc. N60 W15088 Bobolink Ave. Menomonee Falls, WI 53051 262-252-3804 FAX 262-252-3956
TOLL FREE in the US and Canada - 800-366-1973 — WEBSITE - www.badgermetal.com - published 12/10/01

***DON'T LEAVE YOUR DIES OUT
IN THE COLD THIS WINTER***

Thermal^{life}

**Thermo Chemical Ferritic Nitrocarburizing Diffusion
performed in a fully automated multi-station
computer controlled fluidized bed.**

- ◆ Where inter-metallic soldering of aluminum to the die's surface is a chronic problem.
- ◆ Where constant soldering results in breakage or thermal cracking of the steel.
- ◆ Where there is premature wear or erosion of the gate area and the tool's surface.
- ◆ Where there is concern about sticking or drag on the shrink side of the casting.
- ◆ Where texturing of the die's surface is not desired or acceptable.
- ◆ Where you would like to enhance the benefits of our proven *Meta^{life}* process.

**From the same company that
developed *Meta^{life}*
in 1983**
